

HUNGER IN SOUTHWESTERN WISCONSIN

SECOND HARVEST
FOODBANK
OF SOUTHERN WISCONSIN

1 in every 8 people are considered food insecure.¹

Since 2023, the number of people experiencing food insecurity has increased by **92%**, driven by rising food, housing, and utility costs, the end of pandemic-era assistance programs, and ongoing economic pressures. As a result, food banks are seeing unprecedented demand, with more people turning to hunger-relief services and needing support more often.

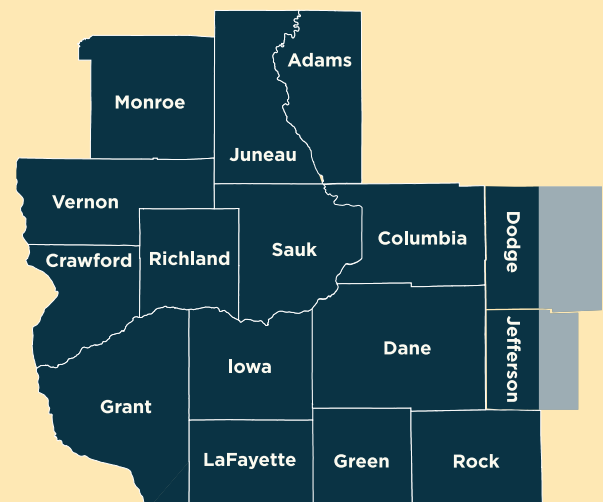

OUR SUPPORT IN SOUTHWESTERN WISCONSIN
